

Military Support Group of Alachua County

The Military Support Group of Alachua County is a not for profit, tax exempt corporation (501 C3) and our purpose is to support the military personnel from our area who are in areas of conflict, particularly the Middle East. We conduct this activity by collecting, packaging and sending items that the soldiers need. It is through this process that the soldiers know that they are not forgotten and that we are thinking of them and support them. The group also supports the families and friends of those that are currently serving. Many of the family members need reassurance and emotional support while someone they love is in a dangerous situation. We provide a meeting place that these people can come and find comfort knowing that they are not alone. The families are also able to feel productive while they are helping others support the troops.

Meetings: First and Third Thursday of every month

6:30 pm – Pot-Luck

First United Church of Alachua

14805 NW 140th Street, Alachua, FL
